3-d seismic reflection study of dujaila oil field…	**708**
3d seismic study of southern part of east Baghdad oil field for…	**700**

-A-

A cognitive semantic study of detextualised social…	**178**
A comparative anatomical study for the accumulation and …	**808**
A comparative dis cbursal analysis of selected online…	**869**
A comparative study between real time pcr technique and…	**853**
A comparative study of face detection and…	**97**
A computational study for dielectric barrier …	**559**
A contrastive study of cohesion in selected modern….	**153**

A contrastive stylistic study of English and Arabic…	168
A critical discourse analysis of feminist language…	173
A critical discourse analysis of the reproduction of…	152
A critical reading of st jeromes letter top ammachius…	120
A critical study of feminist poetry by british and irish….	904
A cross cultural exporation of the speech act…	166
additive mappings on prime and semiprime -m,n) (u, r) rings	221
A developmental pragmatic study of the speech acts of…	136
A fuzzy based clustering for image steganal ysis	79
A fuzzy gain scheduling based controller for network control systems	91
A gitprop drama in Edward bond: a study of selected plays	899
A hybrid spam e-mail filtering system using ant colony…	35
A linguistic analysis of English and Arabic blurbs of…	164
A linguistic analysis of pre- suppositions in police interrogations	139
A linguistic analysis of tehnis players speeches	147
A linguistic study of persu asive strategies…	146
A linguistics study of ellipsis in drama and novel	179
A linguistics study of the literary use of verbs of…	116
A modified aes for mobile devices	29
A new clustering algorithm for biometric dataset	41
A new feature fusion technique for image retrieval system…	94
A new secure digital image water marking by using soft computing techniques	22
A pragma linguistic analysis of some aspects of selected…	113
A pragmalinguistic study of directives in paternaland…	145
A pragmatic analysis of hedging devices in English…	162
A pragmatic analysis of persuasive strategies…	170
A pragmatic discoursal study of hinting strategies…	137
A pragmatic study of fallacies in british and American…	868
A pragmatic study of Iraqi efl learners in recognizing…	156
A pragmatic study of political propaganda	183

A proposed data encryption method based on …	2
A proposed for using seam carving method for…	62
A proposed modified stream cipher to enhance network security	19
A rhythmical analysis of selected English declarative and…	160
A semantic study of phrasal verbs in mark twain's…	154
A semiotic analysis of the relationship of visual and…	151
A sharper upper bound for the function sigma(n)	239
A sociolinguistic study of language of chatting as computer…	143
A sociolinguistic study of taboos in English and Iraqi Arabic	882
A sociopragmatic study of the effect of social…	135
A spectroscopic study of some laser active media in different ranges…	583
A study of biochemical effects of ocimum sanctum…	654
A study of bioethanol production from fresh water…	786
A study of embedding as a cohesive device in newspaper…	169
A study of fractional complex transform with some…	208
A study of fractional complex transform with…	209
A study of nonlinear optical properties of polymer thin…	387
A study of optical properties of acridin dye and alumina…	592
A study of some interesting properties of subclasses…	268
A study of the effect of various substituents on the electronic and….	521
A study of the optical and electrical properties of…	350
A study of various aspects of some classes in geometric…	245
A study the change detection in maysan province using…	458
A study the protective effect of alcoholic extract of…	838
A stylistic analysis of selected passages from the novels…	150
A synactic x- barappoachto fronting and postponing in…	184
A textual analysis of selected English political and	158

religious…	
A theoretical study of elastic electron scattering for…	404
Ab out the directed complete partially ordered sets of…	271
Accelerating high performance systmmetic ciphers once symmetric ciphers on multicore cpu	17
Adaptive polynomial coding for imagecompression	8
Adaptive printed English document image retrieval…	32
Adsorption studies of some dyes on different adsortent…	642
Age related differences in the acoustic properties of…	144
Ameliorating effects of silybum marianum…	728
Amorphous silicon light emitting diode quantum dots	546
Amulti – objective evolutionary algorithm for community…	83
An acoustic study of heroes and villains voice…	141
An adaptive pegasis protocol for low energy consumption in wsn	33
An analyzing study of a short range underwater laser…	571
An avo analysis of a selected profile of zubair for mation in the…	714
An ecofeminist reading of selected novels by linda…	883
An efficient block encryption cipher based on chotic...	11
An end to end secure voice transmission in smartphone	40
An enhanced video tracking tech nique based on improved…	55
An enhancement of some chaotic maps for…	107
An evolutionary bi- clustering algorithm for community detection in social networks	75
An experimental study about the effects of the atmosphere…	578
An improved data streaing protocol	66
An offline signature verification system using statistical techniques	21
Analysis and segmentation of digital video…	80
Analysis of cyp2c19 , gstt1 and gstm1 genes polymer…	743
Analyzing wpa2- secured wlan networks with software radios	10

Antifungal activity evaluation of some plant extracts	**739**
Apartial encryption for digital video	**48**
Application of reproducing kernel Hilbert…	**230**
Approoooximation of functions on unit sphere in terms of…	**228**
Approximate and analytic methods for solving three…	**246**
Approximate controllability for some classes of…	**289**
Approximation for feed forward neural network	**278**
Arabic handwritten characters recognition using hybrid transform	**38**
Arts image compression based on scalar auantizer…	**24**
Aspectroscopy study on nanoparticles prepared by different…	**572**
Assessment of the radiological risk due natural radioactivity in…	**338**
Astudy of some clotting factors and biochemical disturbances…	**862**
Authenticate 3d point cloud live video streaming system	**78**
Automating security and time balancing in institutional daily…	**3**
Autonomous ontological interaction in sustainablesoftware…	**25**

-B-

Binary opposition of colonial education an analytical study in…	**901**
Bio degradation of low density polyethylene…	**789**
Bioactivity evaluation of algal extracts against…	**813**
Biochemical and cytogenetic study on recurrent…	**844**
Biodegradation of malathion and dursban by mono and…	**802**
Biodiversity of invertebrates in al-razzaza lake at…	**790**
Bioremoval of chromium and lead by bacteria pseudo omonas…	**791**
Bioremoval of chromium and lead by selected…	**784**
Bioremoval of pb2 and cr3 using some plant residues	**797**
Biostratigraphy and microfacies analysis of…	**716**
Bounded ness of solutions for the second order nonlinear…	**295**
Brrccd photometric observation analysis of spiral…	**312**
Buiding a core arabc on tology for Iraqi news	**51**
Building improved metaheuristic algorithm	**100**
Business intelligence based on big data…	**74**
